DETAILED ACTION

Notice to Applicant

1. This communication is in response to the Amendment filed on 11/20/06. Claims 11-13, 15 and 17-19 have been cancelled. Claims 10, 14 and 16 are pending.

Allowable Subject Matter

2. Claims 10, 14 and 16 are allowed. The following is an Examiner's statement of reasons for allowance in light of the Applicant's arguments.
3. Claim 10 is directed to wherein said service user is not required to buy and own a car and can freely change the type of car used under the car use service as well as modify the contents of the car insurance service on the car used under the car use service depending on use conditions of the car.

The closest prior art of record, Joseph discloses method, apparatus and program product for facilitating transfer of vehicles leases (2005/0165661). Stewart et al. discloses geographic based communications service (6,259,405). However, none of the prior art cited above disclose nor fairly suggests "wherein during a period when the service user does not use the car, the service user is free to terminate the car insurance service for the period" and "wherein when the car insurance service on the car used under the car use service has been terminated by the service user, a remainder of the points credited by a predetermined amount of payment increases and points that will not be used due to the termination of the car insurance service can be freely used for the

different kind of service, managed by said car other service management unit, other than the car use and car insurance services". None of these prior art teaches specifically the limitations cited above.

4. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance".
